PROFESSIONAL SUMMARY

Full Stack Developer with 4 years of experience in web development, working with PHP, JavaScript and Node.js. I build modern WordPress themes (Sage, Blade, Tailwind), REST APIs and CRM integrations, and maintain legacy systems backed by relational and non-relational databases. Proactive, focused on code quality, performance, accessibility and on using Artificial Intelligence to work more productively.

TECHNICAL SKILLS

Languages	PHP (intermediate), JavaScript (advanced), TypeScript, Node.js, HTML5, CSS3, Python, C# (Unity), basic C++ and Java
Frameworks and CMS	Laravel, Blade, WordPress (Sage 10/11, Acorn, ACF, WooCommerce, Polylang), Tailwind CSS, Vite
Databases	MySQL, MariaDB, MongoDB, content migrations
Integrations	REST APIs, webhooks, Salesforce, HubSpot, forms and lead capture
Quality	Performance (Core Web Vitals, critical CSS), technical SEO, accessibility (WCAG)
Tools	Git and GitHub, GitHub Actions, Docker, code review, AI applied to development

Mid-level Full Stack Developer Studio Visual · Arujá	Nov 2023 — present
- Development and maintenance of web applications with PHP, JavaScript and Node.js - Building and integrating REST APIs, webhooks and CRMs - MySQL, MariaDB and MongoDB databases day to day - Using AI to boost development productivity - Collaboration with design, back-end and infrastructure; team code reviews	

Developer Apprentice Studio Visual · Arujá	Aug 2022 — Nov 2023
- Supporting the development of web systems - Bug fixes and continuous improvements - Hands-on learning in real production environments	

PERSONAL PROJECT

Super-Pirate — naval action RPG in C# and Unity For about a year I have been building a top-down naval combat game inspired by Pirate Storm, with a game design document, domain-driven architecture, state-machine enemy AI and a progression economy. A playable version runs in the browser at gabrielpampolin.com/en/play .

EDUCATION

Systems Analysis and Development (associate degree) — Descomplica	Completed Jul 2025
